President Ford will speak here

President Gerald Ford

President Gerald Ford will be in Canyon Saturday night and already early this week plans were being made for his visit.

It will be the first time in the history of Canyon a President of the United States has visited the city.

Ford will speak at 8 p.m. Saturday at the West Texas State University Fieldhouse. He is expected to speak only briefly and then will answer questions from the audience.

Only 3500 tickets are available for the speech. They are free and may be obtained from the WTSU activities center office or the Canyon Chamber of

Commerce office.

Advance Man Greg Newell, a White House employee, announced the President's itinerary Tuesday afternoon before coming to the WTSU campus to meet with officials there about preparations for the President's visit.

"It's a unique honor to have the President of the United States visit Canyon, Texas, and it is an honor to have him on our campus," WTSU President Lloyd I. Watkins said Tuesday after learning the plans had been finalized.

Campus officials wondered aloud Tuesday why the President had chosen

WTSU as his Panhandle-area campaign stop.

Newell said the Amarillo Civic Center, originally chosen the site for a Presidential speech, was unavailable for use Saturday night.

He said the advance team, in looking for an alternate site, chose the WTSU campus because the President enjoyed campus visits and in many instances his visits to campuses had proven successful.

Ford is to arrive at the Amarillo Air Terminal about 7 p.m. Saturday for a political rally and then will come to Canyon.

The doors to the field-

house are to open at 7:15 p.m. and the President is due to arrive shortly after 8 p.m.

An advance party, employees of the White House but paid by the President's re-election committee, arrived in Canyon late Tuesday to begin preparations for the visit.

Newell, another advance staffer, Mary Fisher, and two secret service agents met with WTSU officials, Frank Castleberry, Dr. T. Paige Carruth, Johnny Boone, Wayne Hughes, Judy Tok, and Keith Winter about 4:30 p.m. Tuesday at

(See FORD, Page 5)

Board takes no action on Gene Howe proposal

Canyon school board members took no action Tuesday night on a request from Gene Howe area residents for another bond issue election, but expressed interest in hiring an outside firm to study whether the school district should be divided.

The board also informally agreed that Supt. Jerry Jacobs and the district staff should begin reworking architectural drawings of a new elementary school but should leave the classroom structure flexible enough to handle a traditional or more modern approach to teaching.

The board also took no action on setting a new percentage of assessment for next year's tax roll.

Lloyd Block, a leading propo-

nent of recent bond issues for new schools in the district, offered board members his plan for action and initiated a meandering discussion of school needs and the possibilities of dividing the district.

As reported earlier, Block told the board Gene Howe area residents unanimously desire to remain in the Canyon school district but also need new schools.

He proposed that the board begin an immediate re-evaluation of the needs of the north part of the district and provide plans for a new bond issue election for buildings and facilities. While he did not include it in his talk Tuesday night, Block told The Canyon News last week the Gene Howe area would not be satisfied

with a bond issue for construction of an elementary school alone.

"In the event the board does not feel it is an immediate problem and desires to delay, we request the board provide actual replacement costs less depreciation of all facilities to the public," Block said, outlining the school properties that should be inventoried.

He asked that the figures be provided within 30 days for use "in an effort to evaluate the possibility of exercising the options provided by the Texas Education Code (in several statutes)."

Those statutes allow creation of new school districts.

Block requested the board hold off on any further de-annexa-

tions of property in the north part of the district until the group from Gene Howe has decided whether or not to pursue creation of a new district.

Block asked the board to offer more than one elementary school design for consideration, and to come up with one which could be built for under \$1 million.

His requests also included one that the board consider construction of a new junior high in the north part of the district at a cost of \$2 million. Remodeling of Canyon High School was also suggested by Block at a cost of \$1 million.

Board members made no immediate response to Block's suggestions but eventually worked back to the topic several

times.

On one occasion during the meeting, Board Chairman Tom Keeling suggested Block get with Architect B. R. Cantrell to go over costs for construction.

Keeling indicated it would not be possible to build a school for a million dollars at today's construction cost rates.

But, he called on Jacobs and the school staff to analyze the elementary school design to remove all unnecessary square footage to lower the costs. And, he and other board members indicated they are interested in providing an all-purpose combination cafeteria, auditorium for the school rather than a separate gymnasium as originally planned.

They agreed generally the elementary design should retain flexibility in classroom spaces to handle traditional teaching methods or more open methods.

Later in the meeting, Board Member Ed Wieck suggested the board hire an outside firm to study the size and growth of the district for eventual recommendations on whether the district should or should not be divided.

Wieck said it is possible the district is too large area-wise to be

handled efficiently and effectively.

Other board members agreed with the idea, as did several Gene Howe and Canyon area residents in attendance.

No action, however, was taken on the proposal.

Jacobs explained that state law on creation of new districts could be interpreted several ways. He said he would be interested in hearing from more Gene Howe residents on whether they favor creation of a new district.

In other business Tax Collector Conway Kuykendall recommended the board set the percentage of assessment for next year's tax roll at 80 per cent. The current percentage is 40 per cent and the current rate is \$1.92 per \$100.

Kuykendall said he would not favor having the percentage set at 100 per cent because it would be an inflexible figure.

Board members are to decide on the percentage at their next

Metcalf looking to locals for initiative

City cautious about taking lead on EDA

City officials are taking a cautious approach to any industrial development for Canyon through the federal Economic Development Administration.

Programs and grants available through EDA for attracting industry were explained to local officials and civic leaders in a meeting last week with

regional EDA officials from Lubbock and Austin.

However, it was stressed, any programs that could provide funds for industrial parks, businesses and tourism facilities, must be initiated locally.

City manager Glen Metcalf said he expected Canyon residents to take the lead if anything is to be done through EDA.

"I think a lot is going to depend on the local people," he said. "Like Mr. Louder (George Louder, PRPC director) said, it's not his program. It depends on the people."

"If the people of Canyon or the industrial board want industry, this could be a help."

Metcalf said he thought some type of over-all plan should be worked out for participating in the program and that then the city would take whatever part is indicated.

Metcalf said "Whichever group is interested in getting industry should work out the plan."

This could be the Canyon Board of City Development or the Chamber of Commerce or "whoever has the most knowledge," Metcalf said.

City commissioners did not attend the meeting and both J. Pat Stephens and Willis Harrison declined comment, explaining they were not familiar with the programs

available.

Commissioner H.R. Fulton, however, said he thought the city should pursue possibilities for funding.

"And I hope Glen is preparing recommendations on how we can pursue it," he added.

Some of the programs outlined at the meeting include grants for 75 per cent of the cost of providing technical assistance to local groups in planning for industrial

development or expansion.

Technical assistance might be available, civic leaders were told, for a feasibility study on location of an industrial park and on a plot plan or layout for an industrial park.

Public works grants are also available, on a 50-50 cost share basis, for such things as providing streets, water, sewer and other improvements.

Miss Canyon will be named

Three dozen Canyon High School beauties are vying for the 1976 crown of Miss Canyon which will be presented in a public pageant Saturday evening.

The pageant will be staged at Canyon High School auditorium and begins at 7:30 p.m. with all residents invited. Tickets will be available at the door at \$1.50 for adults and \$1 for children.

Miss Canyon 1976 will represent the city during the bicentennial summer celebration on July 3 and will be a representative of the city at numerous other area beauty pageants during the year.

Sponsored and organized by Canyon Study Club, the annual pageant is open to all high school girls here. Each contestant is sponsored by a local merchant in the annual pageant. The contestants will have a pre-pageant rehearsal at the CHS auditorium at 9 a.m. Saturday morning and will be judged on poise and personality Saturday afternoon at a coke party. The coke party will be held from 2 o'clock until 4:30 p.m. at Canyon Community Center.

Along with the crown of Miss Canyon 1976, the pageant winner will be awarded two \$50 savings bonds being furnished by West Texas State Bank and First National Bank. The pageant winner will

Construction to begin on Hunsley bridge

Bids will be opened later this month for construction of an overpass north of Canyon which could for as much as a year lead to virtually nowhere.

Ed Timmons of the Texas Department of Highways and Transportation said Tuesday bids will be opened on April 23-24 for construction of a new interchange at Hunsley Road and the Canyon Expressway about a mile north of Canyon. The interchange will take Hunsley Road over U.S. 87 in preparation for construction of an extension of Hunsley Road east to Washington Street.

Timmons said while funds are available for the interchange construction, he has no idea when funds will be allocated for the extension of Hunsley Road.

It's possible, he said, the interchange will not be usable for extension of the road for at least a year until funds for the road are available.

A new name will be added to the Fighting Heart Award plaque after tonight's Canyon High School all-sports athletic banquet. A number of other awards will be given to outstanding high school athletes during the banquet which begins at 7 p.m. today at the junior high cafeteria. Canyon Booster Club President Jim Ward, standing, and Coach Deane Wright admire the Fighting Heart plaque.

quett which begins at 7 p.m. today at the junior high cafeteria. Canyon Booster Club President Jim Ward, standing, and Coach Deane Wright admire the Fighting Heart plaque.

Tax valuation speed-up wanted by Mrs. Bruse

The possibility that tax re-evaluation figures will go on the tax role sooner than anticipated emerged Monday with the resignation of a key Randall County tax office employee.

Mrs. Audrey Bruse, tax assessor-collector, suggested to county commissioners Monday the tax re-evaluation effort underway in her office be speeded toward completion in the wake of the resignation of John Carrington. An original county time-table would have placed the new tax values on the rolls in another two years. The new values are expected to be far higher than the current values. Carrington has said before that the current tax values on property in the county are only a fraction of the true 100 per cent market values.

Commissioners opted, however, for an immediate search for another re-evaluation expert to

complete the reassessment program rather than hiring an outside firm.

Mrs. Bruse said Carrington and his special reassessment office has completed about half the rural reassessment and has been testing a residential schedule for taxes. Work is still to be done on

His closest friends expressed their genuine sympathy for him being robbed with rather heartless jokes about his loss — and he laughed with them.

small tracts and commercial property, she said.

She said the office should aim for completion in 15 months of the total effort. Under the original time-table about two years remains before the new assessment figures are to be placed on the tax rolls.

But, she said, "there is no way we can do it in 15 months with the personnel we have now."

She indicated Carrington, who will leave May 1, should be replaced and another worker hired, also, to speed completion of the project.

In other business Monday, two highway patrolmen requested they be allowed to purchase with county funds two CB radios for use in their patrol cars.

Patrolman Jim Haley explained that the Texas Department of Public Safety is now

(See TAX, Page 5)

Dr. Bullock due award as teacher

Dr. Jack Bullock, associate professor of mathematics at West Texas State University, will receive the Faculty Excellence Award at the 10th Annual Phoenix Club Banquet April 15 in the East Dining Hall.

A reception will precede the banquet at 7 p.m. Cost of the banquet will be \$10 for guests, which pays the first month's dues to the Phoenix Club. Club members will be admitted at no cost. Reservations must be made by April 12 at 656-3421.

Jack Jackson, a spokesman for the American Airlines Flight Academy in Fort Worth and a 1952 graduate of WTSU, will speak at the banquet.

The Student Man of the Year will also be announced at the banquet. The winner will be chosen for campus leadership qualities and must be of junior or senior standing with a minimum overall grade point average of 1.5.

Dr. Bullock was unanimously chosen to receive the Faculty Excellence Award for his initiative, instruction techniques, student evaluation, motivation in class, civic activities and research work. Dr. Lindsey Taylor, president of the WTSU Alumni Association, said.

The selection committee included Mrs. Harold Erwin, 1950 WTSU graduate and member of the Alumni Board; Leo Forrest, 1929 WTSU graduate, committee chairman and member of the board; and Charles Wright, associate professor of biology.

Dr. Bullock received his Bachelor of Science degree in

(See AWARD, Page 5)

Nostalgia of the 19th Century will be a part of the 1976 Miss Canyon pageant entertainment Saturday evening at 7:30 p.m. in Canyon High School auditorium. Judy Becknell, seated, president of Canyon Study Club looks over the crown to be presented and visits with Elaine Peoples who will be among the entertainers for the evening. Tickets will be available at the door.

Canyon North wins conditional approval

The plan for the controversial Canyon North development was approved with reservations by the city Monday night after bouncing from city to county and back again to the city government.

Commissioners agreed unanimously to approve, with five stipulations, the final plan for one section and the preliminary plan for another section of the country-type development.

Variances granted the development included:

1. The streets shall have a minimum right of way of 60 feet with 24 foot pavement width and shall meet the basic standards of quality for materials and installation required by the specifications of Randall County and the existing street shall be brought up to county standards of paving quality.

2. The curb and gutter shall not be required for streets with frontage lot width of 325 feet or more.

3. Any other owners of property within this subdivision be required to enter into all necessary agreements with Mr. Lair.

4. City water and sewer facilities shall not be provided and private water systems and septic tanks may be provided.

5. The city will not be liable for providing water and sewer lines and laying curb and gutters.

The city had tabled the request by developer A. W. Lair at the last meeting until the county commissioners could first approve the roads.

Lair met with the county earlier that day, but the county took no action. However, City At-

orney Elton Cox told the commission that they did not need to wait for the county.

"You have the authority by implication in your own ordinances and certainly by state law to approve it," he told the city commission.

The plan will not be given final approval until the conditions are met.

Cox told the commissioners

that accepting the plan does not obligate the city for maintenance of the roads.

Mayor Marty Bryan added "The only way I can see for us to come into the city is for the people out there to petition for annexation."

"I don't think it will inhibit growth to the north because we have easements for utilities if needed."

Earlier that day, when Lair met with the county, county commissioners and Lair exchanged heated words over his Canyon North plan after Lair told commissioners they have no power to control the development.

Lair read from Texas law to inform commissioners they can only advise the city commission on how roads should be constructed in the development and City Attorney Elton Cox agreed.

Lair presented the plan, saying he had been told to do so by the city commission, even though state law required that the city approve the plan and then submit it to the county for only formal acceptance.

The developer contended that he would not present the roads for county maintenance until they were brought up to county road standards.

Commissioner John Fulgenti, in one exchange with Lair, explained that whether or not Lair ever formally dedicated the roads to the county, whenever the development became populated residents would look to and expect the county to maintain the roads.

"You have no obligation until the roads meet your standards," Lair said.

Commissioner Paul Lindsey asked Lair what he anticipated to do with the roads.

"I think we will comply with the Randall County road policy," Lair said. "I have an engineer working on it right now. I'll do whatever the registered engineer tells me has to be done to comply with the Randall County road policy."

After more discussion, Fulgenti told Lair:

"You have a moral obligation to the public not to obligate them to assume a liability," he said. "Society looks to each other to stop taking each other to the cleaners."

"I don't know what you're suggesting," Lair said as he jumped to his feet and started toward Fulgenti. "But, I'm not trying to take anybody to the cleaners. I've not asked you to accept the roads. It's not a moral thing. I just request that I be allowed to meet your road policy."

Commissioners agreed eventually that Lair should return to city commissioners for their approval of the plan before presenting it to the county board.

They also asked Cox to meet with Dist. Atty. Randall Sherrard to verify the law on the procedure.

Lair's request will be placed on the county agenda for next Monday.

Following the discussion on Canyon North, the commissioners accepted bids of \$69,752.80 for two new water wells, lines and two test wells into the Santa Rosa formation.

The bid was less than the \$120,000 budgeted for water expansion.

Contracts were awarded to West Texas Drilling Company for a low bid of \$62,000 for the wells and \$7,500 for the test wells and Novac Construction for a \$29,160 bid for water lines and well houses.

Other bidders were High Plains, \$74,470 for two wells and \$12,300 for the test holes; and Wall and Sons, \$66,050 for two wells; H. W. Taylor Construction, \$29,568 for lines and Foran Construction, \$30,991 for lines.

The commissioners also canvassed the election results and called a run-off election between Steve Hines and George Ritter.

Just before adjourning, Bryan read a letter from HUD which rejected without review Canyon's Community Development Act application.

The city had applied for \$100,000 for street paving and water and sewer projects but the application was sent late.

"The next step on this, and frankly this is what I expected, is to contact Sen. Tower and Rep. Hightower and protest this," the mayor said.

According to the HUD letter, the local planning region officials were notified in November to instruct cities on application deadlines. PRPC officials have said they were not told to notify local governments and that they expected the HUD office to do so.

Canyon had asked for a variance on the deadline since the city was not notified of the deadline.

Susan Wilson, who writes the weekly Kitchen Sink column for The Canyon News, won a third place award in Panhandle Press Association judging for women's page column writing last week. Her column,

which centers around her harassments as a housewife, often includes references to daughters D'Arcy, 6, with cup, Julia 2, crying, and Rebecca, 1, who is unusually complacent.

Retirement raises by-passed but city plans later review

The city passed up a chance this year to substantially increase retirement benefits for employees but city officials intend next year to look at both retirement and hospitalization plans.

The increase in retirement benefits would have come as a result of an amendment passed to the Texas Municipal Retirement Act which, if adopted by the city commission, would have allowed retirement benefits to be computed on the past three years of earnings.

Present benefits are computed on a very low salary base. When the retirement plan was adopted in the state, the maximum salary for retirement computations was \$300 per month. Thus, according to the Texas Municipal

Retirement System, higher paid employees were denied higher benefits.

The amendment, called an "updated service credit," was designed to offset this and allow for inflation by permitting cities to recompute retirement benefits every four years.

In addition, benefits to employees already retired could have been increased by as much as 50 percent.

Adopting the updated service credit this year would have cost the city an additional \$2,688.09, according to figures compiled by financial officer Mrs. Marguerite Strain. Next year, the city will pay 21 percent of the payroll into the retirement fund, or \$9,443.30. Under the updated service credit, the city would have contributed 27 percent or \$12,141.39.

City officials last year requested the Texas Municipal Retirement System to make a study of the city's retirement participation. Jim Morman, TMRS assistant director said. A total of 192 other cities requested studies and 101 cities have adopted the plan, he said. If Canyon had adopted the updated service credit this year, the increased benefits would have gone into effect Jan. 1, 1977. If the city adopts the program during next fiscal year, the increases will not take effect until 1978.

Mrs. Strain, who has worked for the city 30 years, is the only employee nearing retirement. There are two other former city employees who are retired and one who is receiving a widow's portion.

"I think in next year's budget we'll look at both retirement and hospitalization," city manager Glen Metcalf said. "Our hospitalization plan needs updating."

"Our hospital plan has been in effect for several years," he went on. "and it could leave the employee paying a pretty good sized bill. We'll probably look at both of them for sure next year."

Awards for athletes at banquet tonight

Athletes of Canyon High School will be honored during the annual all-sports banquet this evening and numerous awards will be presented to those who have excelled in the athletic programs during the past season.

John McKissack, sports telecaster for KVII television in Amarillo, will serve as master of ceremonies for the awards program. Jim Ward, Eagle Booster Club president, will give introductions and welcome of guests.

The banquet will follow an "Olympics" theme and will be held at the cafeteria of Canyon Junior High School beginning at 7 o'clock. Food for the annual event will be a catered barbecue being provided by Sutphen's of Amarillo. Tickets will be available at the door at \$3.50 per plate.

Athletic awards during the evening will include the "outstanding athlete award" for a boy player who has excelled in three or more sports during the season. The award will be presented by Willie McAlpin.

The school's outstanding football player will receive the Fighting Heart award on the basis of a vote by fellow team members. The award will be presented by Jerry Jacobs, superintendent of Canyon Independent School District.

Fellow football players will also select the recipients of the offensive and defensive awards which are to be presented by John Sommers, CHS principal.

Deane Wright, CHS athletic director, will present the coach's "player of the year" award to the athlete selected by the coaching staff for the honor.

Outstanding player awards will also be presented to a boy and girl on the basketball and track awards. Coaches in the respective departments will make the presentations and introduce the teams.

The annual all-sports

Free diabetic testing today

Free diabetic screening will be conducted for all local residents today from 1:30 until 5:00 p.m. at Canyon Community Center.

The free diabetic screening will be conducted by nursing students of West Texas State University, who already hold the registered nursing certificate. The screening clinic to detect diabetes will be held today and again on April 15 for all local residents.

Two are charged for alcohol abuse

City police arrested two persons over the weekend for alcohol-related offenses.

Robert Lee Moore of Frisco pleaded guilty to public intoxication and was fined \$35 and costs.

John Charles Whitworth, of Four Seasons No. 24, was arrested early Sunday morning and was charged with DWI. He pleaded guilty and was sentenced to 30 days probation for six months and fined \$250 and costs.

News errs

The Sunday News erred last issue in announcing Levi Cole's age. Mr. Cole, who was honored at a birthday party given by workers at First National Bank, celebrated his 71st birthday.

The Sunday News regrets the mistake and wishes Mr. Cole many happy returns of the day.

Greater voter turn-out seen with date change

A new dimension was added to local elections when state legislators mandated they be held at the same place on the same day, a West Texas State University political science professor said this week.

Dr. Travis McBride, chairman of the political science department, assessed the high voter turn-out in Saturday's local elections and said it is likely that in the future candidates will be more mindful of election efforts.

McBride cited the school board election, which had five candidates vying for two places, as the race which brought voters to the polls in almost-record numbers.

School board, city commission, hospital board and county school trustee elections were held Saturday at the Canyon Community Center.

Because voter interest was up for the school board race, McBride said, a large turn-out was experienced by the other races, too.

Nearly 1500 persons cast ballots in the school board election and nearly 1000 voted in each of the other three elections.

Even in the hospital district board race, where three incumbents were unchallenged on the ballots, nearly 1000 persons cast ballots.

McBride predicts that the possibility of having such large voter turn-outs could prompt more candidate campaigning and more voter interest in the future, particularly when candidates in one race realize that voters might be pulled to the polls by another race.

"One election can have an impact on everybody else," McBride said. "I don't believe that had the hospital board and county school board elections been held somewhere else they would have gotten that kind of turn-out."

In the past, city commission elections have been held on the first Tuesdays in April and other local elections have been held on the first Saturdays in April.

Local election officials were caught off-guard by the turn-out Saturday.

Historically, only a light turn-out has been experienced in hospital district, county board and school board races.

Election officials at the polls Saturday for the county school board race ran out of ballots three times during the afternoon. Only about 600 ballots had been printed in English and another few hundred had been printed in Spanish.

Just minutes before the polls closed, the officials ran out of English ballots and began using Spanish ballots.

Tom Plumlee, city clerk, had ordered only 1000 ballots for the city commission race, anticipating that number would be more than enough to handle the turn-out. The vote in that election fell only a few dozen short of the 1000 figure.

Golfers win tourney despite cold and snow

Fighting sub-freezing weather and stiff winds, Canyon High golfers won the Clovis Invitational Tournament last week with a team score of 348.

Although individual golfers have won frequently, this is the

first tournament win for the team in several years.

Team scores were Bill Turner, 85; Bryan Garner, 86; Jerry Paul Allen, 88 and Sandy Winn, 89.

The bitter cold and wind contributed to the high scores. Coach B. B. Kendrick explained. Medalist for the tournament posted only an 82. Kendrick said the start of the tournament was delayed a half hour because of snow.

CHS golfers finished four strokes ahead of second place Muleshoe and 20 strokes in front of the third place team. Competing also were Hobbs, Carlsbad, Tucumcari and Portales.

Larsons have baby girl

Mr. and Mrs. Mike L. Larson, 4316 S. Bowie, Amarillo announce the April 2 birth of a daughter, Addie Amanda, at Palo Duro Hospital in Canyon.

The infant girl weighed 6 pounds, 11 ounces and measured 19 inches at birth. The father is employed with Standard Cigarette Service, Inc. and the couple has a son, William Lee, age 6.

Grandparents are Mr. and Mrs. E. Hollingsworth, Jr. of Pollock, La. and Mr. and Mrs. Marcus L. Larson of Spearman.

Historic marker dedication in Happy Sunday

Dedication for an official Texas Historical Marker being placed at the First United Methodist Church of Happy will be conducted Sunday, April 11, at 12:30 p.m. at 114 N. Floyd Avenue in Happy.

The public is invited for the dedication rites which will be a cooperative effort of four generations of the Ira Prewitt family at Happy. The marker has been given in honor of Prewitt by his family and the name and location of the marker will appear in the next edition of the "Guide to Official Texas His-

torical Markers" to stimulate tourist travel in this area as well as to acquaint people of this locale with their heritage.

The dedication Sunday afternoon will include a welcome to be given by a grandson, Ken Danner, who is also chairman of the church's official board.

Introductions will be made by Ms. Maurine Allison, a daughter and chairman of the Swisher County Historical Commission.

Two Prewitt grandsons, Jim Allison, Stratford and J.D. Danner, Ballinger, will unveil the Marker after the church his-

tory has been given by a granddaughter, Ms. Linda Schrib of Plainview. The benediction will be given by the pastor, Rev. Carl Oglesby.

Other members of the family attending will be the widow, Ms. Sibyl Prewitt, the other daughter, Ms. Earnestine Danner, great-grandchildren,

Nell and Karen Danner, Happy, Chad Danner, Ballinger, Wesley and Wendy Allison, Stratford. The other granddaughter, Ms. Sue Bowe, Pearland, and her children, Jana Tim and Dan will not be able to attend.

A covered dish dinner will be served in fellowship hall following the dedication services.

Canyon co-ed learns techniques of jumping

Susan Staggs is enrolled in the Introduction to Jumping course because of her love for horses and she plans to continue taking horsemanship courses.

Mrs. Staggs, a West Texas State University freshman from Canyon, enjoys western riding.

The course involves jumping techniques and beginning English riding. Students begin training the horses to jump posts and low log jumps before advancing to three-foot jumps.

WTSU is one of the few schools in Texas to offer advanced riding instruction. Also offered are beginning and intermediate horsemanship and special clinics are conducted by professionals in the field.

The WTSU Farm also has stable quarters for horses of students.

Mrs. Staggs, a mathematics major, is the wife of Ronnie Staggs of Route 4, Canyon.

Canyon Post Office to cancel \$2 bills

The Canyon Post Office has been authorized to join others across the country who will be hand canceling U.S. postage stamps affixed to the new \$2 bill being issued by the Treasury Department on April 13.

The cancellation service will be provided only on April 13 to customers who present their \$2 bills at post offices. Cancellations will not be available by mail order.

Each bill presented for cancellation must bear at least 13 cents in postage in order to meet the current first class postage rate. The cancellation to be applied will be the standard cancellation used at post offices. It is not a pictorial or special cancellation.

April 13 is the birth date of Thomas Jefferson. The front side of the new bill bears an engraving of Jefferson from a portrait painted by Gilbert Stuart. Plan-

king the portrait are engravings of a portion of the Declaration of Independence, Monticello, Independence Hall and the Jefferson Memorial. The other side of the note bears a rendition of John Trumbull's famous painting "The Declaration of Independence."

Music forum set

George Eason, West Texas State University assistant professor of music, will be featured at the noon Friday Forum in the Fine Arts Building

in Studio 216.

Mr. Eason's forum will feature music by the French composers Eric Satie and Maurice Ravel.

Easter egg hunt offers valuable prizes in city

A two week Easter Egg Hunt is planned by Canyon merchants offering a variety of gifts and prizes for lucky residents having telephone numbers listed in Cleta-Umbarger, Happy, Wayside, Dawn, West Texas State University, the North Randall County area (622 prefix) and Canyon.

The two week Easter promotion is designed so that all telephone numbers in the contest will be changed weekly giving all customers a good chance for winning prizes worth hundreds of dollars in gift certificates, money, merchandise and other benefits.

Prize eggs will fill Easter baskets at participating merchant businesses. In addition to the regular eggs, special gold and silver prize eggs will be available offering gifts of \$50 each for the gold eggs and \$25 for each of the silver eggs to the holder of the telephone number identified thereon. The gold and silver prize eggs will be rotated daily among businesses during the contest.

All phone numbers on the eggs are to be picked at random and each egg will be filled with a prize for the lucky customer. Local employees are also eligible to participate in the contest, except at the place of their employment.

Over 100 eggs, identified with phone numbers, will be in the Easter Egg Hunt each of the two weeks. Customers must claim their winning eggs during the two week hunt.

OEA students participate in conference at Houston

Doris Brazil was one of eight OEA (Office Education Association) students selected for the job interview runoffs at the State Youth Leadership Conference and contests held April 1-3 at Houston.

Miss Brazil was a first place winner in the area job interview contests to advance to the state events.

CHS student Pat Keith was a third place winner in the In-

formation Communications contest, Level I and attended the state conference serving as a voting delegate with Miss Brazil.

OEA provides students the opportunity to develop office occupation competencies through twenty-four competitive events. The competitive aspect of OEA increases students' subject knowledge, spirit of competition, human relations knowledge and practice, confidence, and rewards of fellowship and socialization.

The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is \$10.50 a year in Randall and surrounding counties and \$13.65 a year elsewhere.

The Canyon News is published Sunday and Thursday at its offices, 1500 5th Avenue, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

Introducing The YOUNG TEXANS

No Hassle Banking

1. NO SERVICE CHARGE CHECKING
No matter how many checks you write, there's never a service charge. What's more, there's not even a minimum balance required.

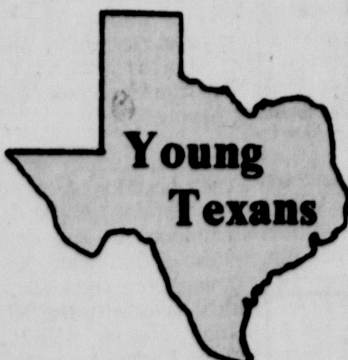

2. FREE PERSONALIZED CHECKS
No more check charges for Young Texans. You'll receive all the personalized checks you'll need... your name and address on every one... at no additional charge.

3. 5% interest in savings compounded every day from day of deposit to day of withdrawal. Open with \$10.00 deposit.

4. SIMPLIFIED SAVINGS
As a member of Young Texans, you're entitled to take advantage of our automatic savings plan. Tell us how much you want to save. We'll transfer that amount from your checking account to your savings account each month.

5. Move money by phone. Move money from savings to checking by telephone. Never again get caught short by a bargain or an emergency.

6. \$5,000 Insurance Coverage. From the moment you join, you are automatically insured for \$5,000.00 against accidental death. No examination, no investigation, no red tape, no additional cost beyond the basic monthly dues of the club.

What Does It Cost?

The whole package, as explained above comes to you at one small monthly dues charge — only \$3 a month. That covers everything listed and helps you budget because it is a simple regular monthly fee.

So open your First National in Canyon Checking Account. Then sign up for Young Texans Club. It's for people like you.

Please send me a membership application.

Ford. . .

(Continued from Page 1)

the fieldhouse to go over logistics for the visit.

As outlined Tuesday, the plan is for Ford to arrive through the west or front doors of the fieldhouse.

Prior to his arrival music is to be provided by the WTSU band, the Canyon High School band and the WTSU Chorus.

The WTSU song girls are also to perform prior to the arrival.

School. . .

(Continued from Page 1)

A special citizens committee last fall recommended the percentage be set at the maximum. Discussion Tuesday night indicated the \$1.92 rate would be lowered as the percentage is hiked to meet next year's budget.

Jacobs said the district must come up with about \$250,000 next year over and above this year's budget for operations.

Keeling was re-elected chairman of the school board and other officers were also re-elected.

Mrs. Jean Irwin, new board member, was sworn in during the session.

Tax. . .

(Continued from Page 1)

allowing highway patrolmen to use CB radios to transmit and receive information on the highways.

Tests of the use of CBs for both transmission and reception have proven their usefulness in apprehending drunk drivers and being warned of accidents, Haley said.

He said the cost for two CB radios could range from about \$140 each.

"What's your handle gonna be?" Commissioner John Fulgenzi asked.

"Why, Smokey, of course," Haley responded.

Bridge. . .

(Continued from Page 1)

The highway department has projected a \$580,000 cost figure for the construction of the interchange.

Work is to start on the project about 30 days after the bids are opened and the contractor will have 180 days to complete the work.

Hunsley Road's intersection with U.S. 87 is the only on-grade intersection with the highway between Canyon and Amarillo.

Timmons explained that funds for the interchange are being allocated through the highway department's urban program and funds for the extension of Hunsley Road to the east must come from its rural program.

He said rural program funds are not available and probably won't be available until after Jan. 1.

Right-of-way for the road is being purchased by Randall County.

Award. . .

(Continued from Page 1)

petroleum engineering in 1952 from the University of Oklahoma, the masters degree in petroleum engineering in 1958 from the same university and his Ph.D. in petroleum engineering in 1965 from the University of Texas.

He joined the WTSU faculty in 1956 and was chosen as assistant to the president for inter-

collegiate athletics at the January Board of Regents meeting. He is a retired first lieutenant from the U.S. Army.

The Phoenix Club is a group of supporters contributing at least \$60 each year to aid Alumni Association operations, establish scholarships, maintain the alumni mailing list and help fund homecoming activities.

also be presented with a \$75 wardrobe account from the Canyon Study Club and will receive the Miss Canyon trophy. The sponsoring club will also furnish the winner with club agent's for the coming year to coordinate participation in numerous community and area events as official representative for the city.

In addition to the Miss Canyon trophy and crown, which are furnished by the Canyon Study Club, other top contestants will receive awards. A trophy for the first runnerup is being furnished by Shannon Engraving and the second runnerup trophy will be provided by Tweedledee. The Miss Congeniality award is being provided by De'ons.

The 1975 Miss Canyon, Sharla Wright, will crown her successor at the pageant Saturday evening. Bob Davis will emcee the pageant.

Other entertainment scheduled for the evening will include a presentation of biennial fashions titled "Nostalgia of the 19th Century" to be given by Kaye Henderson and Elaine Peebles.

Musical entertainment for the event will be provided by "The Ottwell Brothers," former West Texas State University students, David and Robert Ottwell, who are twin brothers.

Selection of Miss Canyon 1976 and the runnersup will be determined by a panel of judges including Mr. and Mrs. John McKissack of Amarillo, Mr. and Mrs. Jesse Powell of Tulsa and Mr. and Mrs. John Cluck of Perryton.

Arrangements for the annual coronation of Miss Canyon have been made by Judy Becknell, president of the sponsoring Club, and co-chairmen, Sandra McRoberts and Andrea Metcalf.

Miss Canyon hopefuls and their business sponsors include the following:

Laurie Davidchek	The Davis Agency
Kim Landrum	Tweedledee
Doris Brazil	Merle Norman Cosmetics
Eloise Thompson	West Texas State Bank
Cindy Johnston	Southwestern Public Service
Nicki Knowles	Jerry Becknell & Associates

Fire help offered

By DORIS MCKEE
WELL, I AM very rested since my three day weekend stay at Palo Duro Hospital. Had some tests ran and came out with a good report.
Palo Duro Hospital is a very Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

friendly and caring place. Everyone there makes you feel good, no matter how bad you really feel. It sure makes being ill much easier.

GUESS I HAD better get on with this weeks' column, although it will be pretty short.

THE VOLUNTEER FIRE Dept. held a meeting in the recreation building Tuesday night April 6th, at 7:30 p.m.
The upcoming bingo was discussed and there was some talk about building the fire house. Tom Fulkerson has offered some building material. Derald Meador has offered the use of his shop and equipment.
We certainly do appreciate the interest we are getting. We also talked about who to elect for our

Fire Chief and discussed a membership fee of \$2.00 a month per family.
ROSCOE SHIPLEY WAS in Palo Duro Hospital last week for several days. He had to have some more tests ran this week. We wish him a speedy recovery.
WOULD LIKE TO wish Teri Mayfield a belated Happy Birthday. She celebrated her 14th on March 31st. Oh, to be

fourteen again.
THE BOY SCOUTS went on a swimming outing last Thursday night. They went to the WT Activity Center and had a great time.
Attending were Marty Hoffman, Roger Robertson, Shannon and Randy Jones, John Hunt, Dennis Weed, Mark, Eddie and Phillip Rebeaud and Dudley and Dewayne.
The leaders on this trip were James Jones and Charles Carter.
HOPE YOU FOLKS remember the new Ding Dong lady Siesta.
Pat Reed has taken this job and she also covers Rockwell acres. So if she hasn't made it by

yet and you need something or want to look at a book just give her a call at 355-3863.
PAT AND TEX Reed made a quick trip to Tucumcari, N.M. over the weekend. They wanted to take the new car out of town and put it on the road to see how it ran.
They spent Saturday night in a motel and returned home Sunday. They saw lots of rain. Pat said they also had a nice mountain view out the motel window.
The new car made the trip fine and so did it's owners.
JON AND DIANE Hoffman had a short visit from Trudy (Jon's sister) and Harlen Hines of Hazleton, Ka. Saturday

evening.
Jon and Diane took them out to supper and visited for a while before they left for Borger.
Trudy and Harlen had brought their St. Bernard to Harlen's sister who lives at Wayside.
ROSCOE AND SHARON Shipley went to Plainview over the weekend and visited both their folks, Mr. and Mrs. J.R. Hancock and Mr. and Mrs. W.J. Shipley.
Their young son Brent, stayed to spend the week with grandparents the J.H. Hancocks. Bet Mom and Dad will be ready to go get him before the weekend.
THE BOY SCOUTS met Monday night April 5th at 6:00

p.m. in the recreation building. They decided to hold their business meetings on Mondays each week and on Wednesday nights would have play day.
This week they went bowling Wednesday night.
Also discussed at the Monday meeting was the float they want to build to enter in the July 3rd bicentennial parade.
MUST PUT DOWN the ole pen for now, but if all's willing I'll be back next week. So Keep on Reading.
Thought for this week, "Smile! Make someone's day happy."
See ya.

Umbarger News

Officers installed

BY REBA RAEF
NEW OFFICERS WERE installed last Sunday evening at the annual Catholic Life Insurance supper, held in St. Mary's parish hall in Umbarger.

John Wieck is the president; Melvin Wieck is the first vice president; Tom Sanford is the second vice president; Vincent Ehly is the secretary-treasurer and Monsignor M.F. Schafle is the spiritual advisor.

Emil Dzuik, state vice

president from San Antonio, was the guest speaker.

The supper was prepared and served to 181 guests by Barbara Hartman, Edna Wieck, Mary Ehly, Susie Dolle and Helen Batenhorst.

CONGRATULATIONS TO JOE and Mary Briscoe. They have a new little son, Joe Neal Briscoe, Jr. He arrived at Dumas Memorial Hospital on April 1st. He joins one sister, Tracy.

GUESTS IN THE Loyd Sutton home Sunday, March 28th were Mrs. Agnes Hollenstein and Martha Huseman from Tulsa; Marie Venhaus from Happy; Bertha Huseman from Nazareth; Anna Kleman from Bullhead City, Ariz; Louise Hollenstein and daughter Patsy Fillpot and her son, James, from Hereford and Earnest and Lois Stocker from Umbarger.

and the Confraternity of Christian Doctrine teachers will sponsor the annual Easter egg hunt again this year.

The hunt will be Easter Monday afternoon at 5:00 at the parish hall.

All children in the community through the fourth grade are cordially invited to attend. Prize eggs will be given and refreshments will be served.

LAST WEDNESDAY EVENING, after Mass, the C.C.D. presented a movie, "Dawn of Victory," in the parish hall. The movie was about the death and Resurrection of Jesus.

THE HOLY WEEK services at St. Mary's will begin with the

Blessing and distribution of the Palms at 7:45 next Sunday in the parish hall.

The congregation will then walk in procession to the church for Mass. The second Mass will be offered at 10:00 and the high school C.C.D. class will present the Liturgy.

On Holy Thursday, there will be one Mass, at 7 p.m., followed by a procession of the Blessed Sacrament and Adoration until midnight.

The Good Friday services will be at 3 p.m. and will be the Veneration of the Cross and Holy Communion.

Holy Saturday, the Easter Vigil will begin at 11 p.m., followed by Mass. This Mass will fulfill the Sunday obligation. The

second Mass will be at 9:00 Easter Sunday morning.

There will be no C.C.D. classes on Palm Sunday or Easter Sunday.

The collection for Easter flowers will be after both Masses next Sunday, April 11th.

PAT CUMINGS WENT to Albuquerque last weekend. She went by way of Roswell and picked up her mother, Geneva Spurrier and they went on to Albuquerque to attend the wedding of Pat's sister, Vera to Tom Bezel.

Pat was the matron of honor for her sister. On the way home, Pat came back by way of Roswell to take her mother home.

WE HAD COMPANY last

Sunday. Mike and Margaret Browder and Joe, Mary Goodin and Brad (Les had to work), Patay Zeeb and daughter, Brandi from Boulder, Colo., (Mary and

Patsy were roommates before they were married) and Kevin. We played 31 and 99 and visited.

THAT'S IT FOR this week. Call me at 499-2164. Reba.

Gene Howe

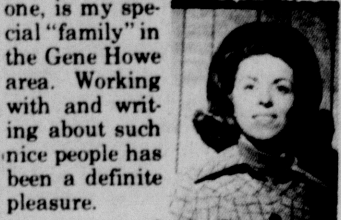

By KAROLYN FARMER
"HAPPY ANNIVERSARY
TO us!"

One year ago this week, the Canyon News and I were united in "holy newsprint." Unfortunately, as in most "marriages," the "wife" was the

only one who remembered this momentous occasion. Of course, the difference is that the "News" is a polygamist, while this has been my first (and probably last) experience as a "reporter."

The main reason that the

"marriage" has lasted this long, and has been such a rewarding

DAVID PAUL AND Linda Ann Brohlin will have to wait a whole year to celebrate their first anniversary. David and Linda (formerly Linda Ann Brown) were married last Saturday at Trinity Lutheran Church in Amarillo.

The couple will return this weekend from their honeymoon trip to Mexico.

Viola and Paul Brown are parents of the groom; and Linda's parents are Mr. and Mrs. Millard L. Brown.

David's sister, Dede and his brother, Bill, were members of the wedding party, as were Donald and Dean Miller, nephews of the groom.

Mrs. Essie Turner and Mrs. Sam Walker, both grandmothers of David, also attended the wedding ceremonies.

Out-of-town guests in attendance included Colonel and Mrs. Sam Walker of Fort Sam Houston, and Mr. and Mrs. Tom Brown, Tammy and Tommy, of Austin.

Viola and Paul Brohlin hosted the rehearsal dinner on Friday night. Also helping prepare and serve the meal for their 36 guests were their daughters, Mrs. Paul (Sherry) Gugenheim, Mrs. Don (Pauletta) Miller, Mrs. Bill (Beverly) Brohlin, and Dede.

DARRYL BRUFFETT, THE son of Jim and Jo, discovered last week what a dangerous sport roller skating can be. Darryl, who got "tripped up" at the rink on Friday night, was taken to the hospital emergency room, and was diagnosed as having suffered a concussion.

MANY YOUNG PEOPLE and adult leaders from the Gene Howe area took part last Saturday in the flag ceremony activities sponsored by the Amarillo Bicentennial Commission.

The ceremony was held at Wolfen Village and was also attended by several local government officials and area Congressmen. The ROTC Unit from WT, along with the Khiva Shriners Drum and Bugle Corps and the Tascosa High School Band provided marching and music. Several cannons were fired by members of the VFW.

Jackie Jobe was responsible for taking our local Camp Fire Girls to the ceremony. Nineteen Gene Howe girls attended, and helped in raising three of the 22 flags.

Sherrie Cates and Gerri Norrod accompanied boys from Dens 3, 7 and 8 of Pack 130, who

also participated in raising one of the flags.

One of the highlights of the impressive ceremony was the

loosing of 2,000 red, white and blue balloons at the end of the event.

Each of the local groups, as well as the other Scout and Camp Fire organizations, will receive a special certificate for their participation.

THE 6TH GRADE Girls track team ran in their second meet last Sunday and won by a wide margin. The Gene Howe team scored a total of 122 points for the meet, with the second place team scoring 68 points.

Co-coaches for the local girls are Royal Yarbrough and Delbert Tension. Running this year for Gene Howe are: April Gibson, Devon Marshall, Debbie Merritt, Sharon Mester, Jeanne McDonald, Judy Nuzum, Tracy Kimbrough, Michelle Walker, Ranelle Walker, Andy Reagan, Debbie Smith, Denise Tension and Melinda Yarbrough.

The 6th graders also won their first meet which took place last week.

LUTHER LAWLESS, PRINCIPAL at Gene Howe, recently attended the TSTA State House of Delegates meeting in Fort Worth. Mr. Lawless serves as treasurer of the District TSTA.

The annual meeting of the organization was attended by delegates from all districts of the state. Mr. Lawless, along with the other officers and delegates, participated in making many important decisions that will affect our State legislation and the TSTA policies.

EMILY STUBBLEFIELD, THE daughter of Lyman and Judy, celebrated her seventh birthday on Wednesday, March 31st. The real celebration, however, was on Thursday when twelve friends joined Emily for a skating party.

NOLAN AND ANN Clark, John and Elizabeth recently enjoyed a family vacation to the southern part of our state. The Clarks visited friends in San An-

tonio, where they also toured the Hemisphere area, the zoo and enjoyed boat riding on the river.

Ann, Nolan and the children went to LBJ Park and toured the former President's home there.

The Clark family, along with the Ralph Gibson family, also recently accompanied a large group of young people from Paramount Baptist Church to Fort Worth.

Several choirs represented their church in the Festival of Praise. The following day the group also enjoyed visiting Six Flags.

While Ann, Nolan and John were in Fort Worth, Elizabeth spent the weekend with her grandparents, Mr. and Mrs. Lawrence Price, in Lubbock.

MRS. BILL (PEARLENE) Gervasi underwent surgery last week and is in Room 368 at High Plains Baptist Hospital. Pearlene and her family hope that she'll be back at home by the end of this week.

SEVERAL MEMBERS OF Gene Howe PTA attended the District 8 PTA Spring Conference last Thursday in Panhandle. Representing Gene Howe were: Luther Lawless, Carolyn Farmer, Sarah Edwards, Sandra Wait, Jackie Mayfield, Raydel Palmer, Farris Ann Morrison, Barbara Wood, Linda Robinson, Shirley Cates, and Troyce Mulherin, who is a past-president of the Gene Howe PTA.

The special speaker for the meeting was Dr. Johnny Clark, Region V Vice President of Texas PTA. Dr. Clark, who formerly lived in Hereford, brought a really inspiring message centered on the need in our educational system for increased concern for spiritual and moral values.

The entire meeting was well-planned, informative and thought-provoking, and was attended by delegates from PTAs all over the Panhandle.

Gene Howe School received an Award of Merit for the scrapbook entered in the District competition. Jackie Mayfield,

historian, deserves our thanks for her fine work on the book.

THE 5TH GRADE Boys track team, coached by Bill Hamilton, won second place in last week's track meet. The Gene Howe boys placed first in three of the races.

LADIES PLEASE NOTE: You are all invited to attend the Christian Women's Club Luncheon on April 12th. The luncheon, to be held at the Tropical Room of the Villa Inn in Amarillo, will begin at 12:00 and will last until 2:00.

A spring fashion show, presented by Alexander's, and special music by Mrs. Christine Wright will be featured on the program.

Mrs. Polly Hagee, a delightful and inspiring young homemaker from Oklahoma City, will be the speaker.

A salad buffet will be served, and the cost of the meal is \$3.25. A nursery is also available, at a charge of 50 cents per family.

The local Christian Women's Club is attended and enjoyed each month by women from a large area of the Panhandle. Women from Canyon and the Gene Howe area who are on the Executive Board of CWC are Carol Harrell, Karen Crossland, Marilyn Johnson and Yvonda Stokes.

Reservations for the April lun-

cheon must be made by April 10, and may be turned in by calling Yvonda Stokes at 352-3062.

OUR SYMPATHIES ARE extended to Mrs. Rod (Marcia) Kuhlman, whose grandfather, Mr. A.B. Hays, died last Tuesday in Kansas City.

Marcia, Rod, David and Michelle drove to Missouri for the services and returned home last Saturday.

THE VARIETY SHOW preparations are in full swing at Gene Howe, and Margie Phillips has lined up many extra-special acts for the event.

The Variety Show will be held in the Gene Howe Cafeteria on April 12, beginning at 7 p.m. Tickets are 75 cents for everyone over five years old.

The tickets may be purchased from any Gene Howe sixth grade student, or at the door on Monday evening.

Be sure to come early to get a good seat. A little bird told us that some of the men on the school staff will be presenting talents never seen or heard before (and maybe never again).

WELCOMES YOU

SUNDAY
BIBLE SCHOOL—9:30 a.m.
MORNING WORSHIP—10:25 a.m.

EVENING WORSHIP—6:00 p.m.

WEDNESDAY
MIDWEEK SERVICE—7:00 p.m.

THANK YOU

Although I did not win a seat on the School Board, I do feel good about having run. I feel very fortunate to have had the confidence of 689 persons who felt I could make a positive contribution to the School Board. I am very grateful to those persons who offered encouragement, who made telephone calls on my behalf, and who contributed funds to my effort. I am especially encouraged by the large voter turnout and interest in this election.

Walter J. Shelly

Pd. Pol. Adv. by Committee to Elect Walter Shelly, Walter Shelly, Chairman, 1201 7th Ave., Canyon, Texas 79015.

Mrs. Jean Irwin took her place on the Canyon School Board Tuesday night after winning in Saturday's election. Mrs. Irwin is the first woman to serve on the board since Mrs. Clay Cooper. She beat Harold Erwin in the balloting.

Gospel series features noted evangelist

A four-day gospel series began Wednesday evening at the University Church of Christ with noted evangelist, Jack Paul of Overland Park, Kansas as the guest speaker.

Evangelistic services are to be held at 7:30 p.m. this evening, April 8, and Friday evening, April 10, the series will include an annual Youth Fellowship for the Golden Spread from 9 a.m. to 4 p.m. The public is invited for the services by Bob Crass, local minister.

Last year Mr. Paul was guest evangelist for a gospel meeting held in conjunction with the dedication of the church's new facilities at 3400 Conner Drive. He also served as a guest speaker at the Lions and Rotary Clubs as well as a Canyon High School assembly.

A native Texas, Mr. Paul is presently minister of the Overland Park Church of Christ in Kansas City. Besides his rigorous schedule as a gospel preacher, he is busy in numerous other activities and has been called upon to speak to large business groups, to university students and has been a regular speaker for VISTA at Rockhurst.

County delegates at meeting

The district meetings of the Texas Home Demonstration Association were held last Thursday at Perryton with the state president, Mary Wright, as the keynote speaker.

Representative Bob Cash also served as a speaker for the day-long meeting which was devoted in part to workshops preparing delegates for the upcoming state meetings.

Another workshop on cultural arts was designed to give the delegates information on presenting historical events in their county during the bi-centennial year.

Randall County delegates to the meeting were Mrs. Clarence Howard and Mrs. Tom Wilhelm with Mrs. Weldon Tuck attending as local THDA chairman.

College in Kansas City.

As a motivational speaker, Mr. Paul has earned invitations to speak to professional football teams and has worked with astronauts including Alan Bean and Thomas Stafford in special engagements. His unusual ability for communication with students has presented him the opportunity to speak on some 50 university campuses in the past four years.

Thanks - -

It is my hope that those who are reading this are a part of the 942 concerned citizens who took the time and effort to use their right as an American to vote last Saturday, because to those I say Thank You.

I didn't win, but the opportunity to run, to become involved, and to meet more of Canyon's fine folks was a great experience.

Please avail yourself to the opportunities and rights we too often take for granted; get involved; take part in the affairs of our town, and together we'll join in making this a town of more total awareness. I have faith in you, and I want to send a special Thanks to those who believed in me.

Cordially yours,

George Cox

Golfers win second tourney

Canyon High golfers won their second tournament in as many weeks, shooting a 303 to win the Muleshoe Invitational Tournament last weekend. This was the best team score CHS has had since 1969, said golf coach B.B. Kendrick. Bill Turner and Bryan Garner each shot a 73 in regular play and Turner defeated Garner in the third hole of a sudden death playoff to take tournament medalist. Garner was second medalist. Other Canyon players were Jerry Paul Allen, 76 and Roger McNabb, 81. Sandy Winn shot an 82 and his score was not used. CHS will compete tomorrow at the Amarillo Relays. Preliminary play begins Friday and the finals for the top six teams will be held Saturday.

Indictments include drug charges

Sixteen persons were indicted on charges ranging from incest to possession of marijuana by Randall County Grand Jurors Monday. Indictments were returned against the following: John Charles Aragon of Canyon, charged with possession of marijuana over 4 ounces; Michael Lee Bottorff of Amarillo, charged with burglary of a vehicle with intent to commit theft; Perry Loyd Buck of Amarillo, charged with possession of marijuana over 4 ounces; Michael Wayne Campbell and Carol Jean Hawkins of Kansas, charged with unlawful delivery of marijuana; Paul Casias Diaz of Hereford, charged with burglary of a habitation with intent to commit theft; Alice Joan Johnson of Amarillo, charged with unlawful possession of a controlled substance; Darrell Eugene Johnson of

Amarillo, charged with unlawful possession of a controlled substance; Patricia Ann Lucero of Lubbock, charged with theft over \$200 and under \$10,000; Amador Diaz Lujan of Amarillo, charged with unlawful possession of a controlled substance; Robert Andrew McGee of Amarillo, charged with driving while intoxicated subsequent offense; Lanny Dale Potts of Amarillo, charged with unlawful possession of a controlled substance; David Louis Smith of Amarillo, charged with incest; Robert Vance Summers of Amarillo, charged with possession of marijuana over 4 ounces; Ernie Messer and Wade Webster, both of Amarillo, charged with rape.

Taster planned for USC Friday

University Study Club members will convene at the Farm Bureau Building at 1:15 p.m. Friday for a "Taste of Yesterday."

The program will be presented by a representative of Southwestern Public Service and will include a sampling of foods and distribution of recipes following the program.

Mrs. John Childs, club president, will be in charge of the monthly business meeting as the membership reviews recent awards garnered at the Top of Texas District Convention in Dalhart.

Kindergarten enrollment up

With the spring pre-registration nearly complete, school officials are expecting a sizable increase in kindergarten students at Rex Reeves but little or no increase at Gene Howe.

About 100 five-year-olds have pre-registered at Rex Reeves so far. This is well above the number pre-registered last year, school officials say.

This year there are 144 children enrolled in the six kindergarten classes at Rex Reeves.

Only 57 youngsters have been signed up so far at Gene Howe, compared to the 70 five-year-olds registered by May 1 of last year. There are approximately 95 children attending the four kindergarten sessions at Gene Howe this year.

Cafeteria menu

REX REEVES AND GENE HOWE ELEMENTARY
Monday, April 12 — Frito Pie, Green Salad, Buttered Corn, Fruit Cup, Bread, Milk.
Tuesday, April 13 — Steak & Gravy, Mashed Potatoes, Green Beans, Pear Halves, Bread, Milk.

Friday, April 16 — Easter holidays.

Museum auxiliary election Tuesday

The Panhandle Plains Historical Museum Auxiliary will hold its annual meeting Tuesday, April 13, at 2:00 p.m. in the Lecture Room of the Museum.

Work of the past year will be evaluated and plans for the future discussed.

New officers of the organization will be elected and installed.

Anyone interested in serving with the organization is invited to attend the meeting.

Trackmen place at San Angelo

Hampered by injuries throughout the season, the Canyon High boys' track team completed last weekend in the San Angelo Relays minus three of their top track men.

Robert Dustman is out for the season with a crushed pelvis suffered in an accident and Steve Zanchettin is out with a broken foot. Lyndon Brazil, who runs on both relay teams and the 440, missed the San Angelo meet due to a pulled tendon, but is expected back, possibly in time for the Amarillo Relays tomorrow.

CHS track men who placed at San Angelo were Wayne Robinson, fifth in the discus with a throw of 140-2; Brent Anderson and Mark Hall, fourth and fifth respectively in the 880 run and the mile relay team of David McKay, Anderson, Hall and Philip Halstead, who placed sixth.

Drop seen in burglaries reported

There was a decline last month in the number of burglaries reported here and also in the number of citations issued for traffic violations.

Burglaries were down from 15 reported in February to 5 reported last month and traffic citations dropped from 265 in February to 115 in March, according to reports compiled this week by the city police department.

Babe Ruth try-outs again

Another try-out session for boys interested in playing Babe Ruth League baseball this summer will be held at 2 p.m. Sunday at the Babe Ruth field near Corner Park.

Dr. Duane Guy, chairman of the league, said team rosters are not yet filled and places are available for new team members.

Faculty Wives fete planned Saturday

Faculty Wives, Etc. members and their husbands will have a casserole supper Saturday evening, April 10, in the Methodist Student Center at West Texas State University.

The casserole supper will begin at 6:15 p.m. and members and husbands will be attending the performance of the university's "1776" production later in the evening.

The "1776" production is optional for member couples and those planning to attend the program should make advance reservations through the box office this week, or contact the chairman, Christine McGlasson, for further information.

There were three traffic accidents in which injuries were received and 11 non-injury accidents during the month. Citations were issued for 109 moving violations and six parking tickets were written.

The number of criminal offenses reported dropped from 50 in February to 48 in March while the number of criminal arrests rose from 27 to 39.

Reported in March were five burglaries, six larceny thefts, two assaults, and one vandalism.

Arrests included two persons charged with theft; two charged with assault; one charged with possession of an illegal weapon; eight charged with narcotics violations; ten accused of DWI, six arrested for violations of liquor laws, four persons charged with public intoxication and one charged with disorderly conduct.

Rustlers get dozen cows

Twelve cows valued at \$3500 were reported stolen from a pasture north of Camp Don Harrington some time during the night Sunday.

It was the largest cattle theft in the county in several years, according to Deputy Merle Strickland.

Officers said Emil Olson reported the cattle stolen Monday morning and quoted him saying they must have been taken between 4 p.m. Sunday and 8 a.m. Monday.

The 1100 to 1200-pound cows were apparently loaded onto a trailer after thieves cut the barbed wire surrounding the pastureland.

Randall County Sheriff Cliff Longest asked rural residents to be watchful for any strange vehicles, particularly goose-neck trailers, in their areas.

"We'd appreciate any information anybody can give," he said.

Willie Nelson in concert

One of the top progressive country singers and song writers, Willie Nelson, will appear in concert at 8 p.m. April 9 in the West Texas State University Field House.

Appearing with Nelson will be "Spanky and Our Gang."

Tickets will be \$4 for WTSU students and \$5 for general admission. Tickets will be \$6 the day of the concert. WTSU dorm students will be admitted free with identification cards.

Tickets are available at the WTSU Activities Center information desk, Hastings, Amarillo College and the Hackamore Club.

The concert is jointly sponsored by the WTSU Student Activities Council and McCoslin and Kirk Productions.

Nelson has been on the music scene as a writer for many years with such hits as "Hello Walls" and "Crazy."

His first album, "Red-Headed Stranger," was recently certified by the Recording Industry Association of America as a gold record, one selling over one million copies.

Nelson was recently awarded a Grammy Award as best male country singer for "Blue Eyes in the Rain."

Other Nelson hits include "Good Lovin' Woman in Love with a Good Timin' Man," sung by Waylon Jennings, "That Lucky Ole Sun," "The Sound in your Mind" and "If You've Got the Money, Honey, I've Got the Time."

Nelson sings in simple ballad style like that of Lefty Frizzell, from whom he copies much of his style.

The long debates among the members of the Continental Congress leading to a declaration of independence for the colonies were brightened for Thomas Jefferson of Virginia (center) when his young bride Martha joins him in Philadelphia. John Adams, looking on, is played by Joe Anderson, while Cecil Fulfer plays Jefferson and Carla Swartzell plays Martha in "1776," opening night tonight at 8 at the Branding Iron Theatre and running to Apr. 11 and then Apr. 14-16.

Foreign missionary to speak to Methodists on Sunday

Juanella Rose, a United Methodist missionary to Taiwan, will be honored at a number of events in Canyon Sunday and will be guest speaker at the 10:30 a.m. worship services of the local church.

Dr. Rose, a native of Tulsa, earned her bachelor's degree at West Texas State University and has completed the master and doctoral degrees in music. She has been chairman of the department of music at the Methodist related Tunghai University in Taichung teaching piano, organ, clarinet, music theory and history.

This week Dr. Rose has been the featured guest for the 1976 annual meetings of the United Methodist Women in Amarillo. She was a recent guest speaker for music department courses at West Texas State University.

In addition to being the pulpit guest for First United Methodist Church of Canyon on Sunday, Dr. Rose will be honored at a continental breakfast at the University Student Center and will speak to the university students. She will also be honored during the afternoon with a UMW Tea at the church parlor and will speak to the junior high and high school youth that evening.

Cross tie fort to be built by volunteers

Volunteers from the Rex Reeves PTA will build a fort from old cross ties this Saturday on the third grade play area as the first project in a series of work days set from now until the end of school.

The playground committee has designated every Saturday but April 17 as a workday to complete the playground.

Construction will include a horizontal ladder, a log mountain built of telephone poles, a tire bridge, a balance beam and tire trampolines made by suspending tires from chains.

Work will begin at 10 a.m. Volunteers are needed for the project.

Casteel to speak to Farm Bureau

Bill Casteel, district conservationist with the Soil Conservation Service here, will be guest speaker at 8 p.m. Thursday for the monthly meeting of the Randall County Farm Bureau board of directors. The meeting will be in the Farm Bureau building, according to Robert E. O'Donald, president.

Historic headlines on display now

Enclosed panels of historic headlines are in the future for the Library and Archives department of the Panhandle-Plains Historical Museum, according to Museum Archivist Claire Kuehn.

"The panels will have headlines from the earliest papers available to us, including headlines of George Washington's death, Lincoln's assassination, declarations of war, the space walk and even Watergate," Mrs. Kuehn said.

The headlines are to be displayed in the Library and Archives section of the Museum, and be a "headline history" of the United States.

CHS wins at tennis

Canyon High players won two tennis meets this week, downing Pampa 8-5 on Monday and defeating Perryton 12-5 on Tuesday.

Against Pampa, Todd Kent, Mark Sullivan, Laura Dillard, Jo Ann White and Scott Nelson all chalked up wins in singles.

Doubles matches were won by Kent and Sullivan, Mark Nelson and Randy Breitling, Pam Woolsey and Darlenea Hanes.

Winning in singles competition against Perryton were Kent, Sullivan, Mark Nelson (three matches), Scott Nelson, and Breitling.

Doubles play was won by Vanessa Cotton and Jo Ann White, Kent and Sullivan, Mark Nelson and Breitling, and Scott Nelson and Stephen Childs.

CHS players will take on Dumas tomorrow in the first round of district competition and will then play at WTSU on Saturday for the final round of district play.

"These are the sorghums I'd plant if I farmed in this area."

Jim Higdon

AGRONOMY SERVICE DIRECTOR

"Drouth, disease, insects, wind storms . . . taking everything into account that can plague a crop in this area, these are the sorghums I'd go with."

It's my job to know which are the best varieties for each locale in the states of Oklahoma, Texas and New Mexico. For the last five years I've had Crop Information Centers, Standard Comparison Tests and Uniform Strip Tests in this immediate area. In these carefully controlled tests, I've evaluated most of the sorghum varieties a farmer might consider planting. I've had the same headaches and frustrations you've had. My plantings have suffered the same weather conditions, epidemics and infestations you have.

Based on these tests, there is no doubt in my mind what I'd plant in 1976 if I farmed hereabouts.

8311

8311 is a champion producer of high test weight, yellow endosperm grain. Pioneer introduced this golden bronze hybrid three years ago and it's been setting yield records in this area ever since. One reason is its ability to yield in the face of too wet or too dry weather, insects or disease. Another reason for the high yields is that 8311 tends to adjust its maturity to the growing season in a particular area. Whatever else you plant . . . put in some 8311.

8501

An outstanding new yellow endosperm hybrid with about the same maturity as 846. This hybrid has a superior yield record. The plant has excellent roots and stalks. Heads exert well above the flag leaf and are uniform in height. Pioneer brand 8501 has good tolerance to smut, MDMV, downy mildew and greenbugs. It performs well under stress and has semi-open heads that add to its good appearance.

A WORD ABOUT GREENBUGS

Tolerance to both greenbugs and maize dwarf mosaic plus high yield potential give these two sorghum varieties an economically significant advantage that you'll want to consider for your grain sorghum crop in 1976.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

My Sincere Appreciation

And Thanks To The Voters

Who Supported My Efforts In

The School Board Election.

I Will Strive To Be A

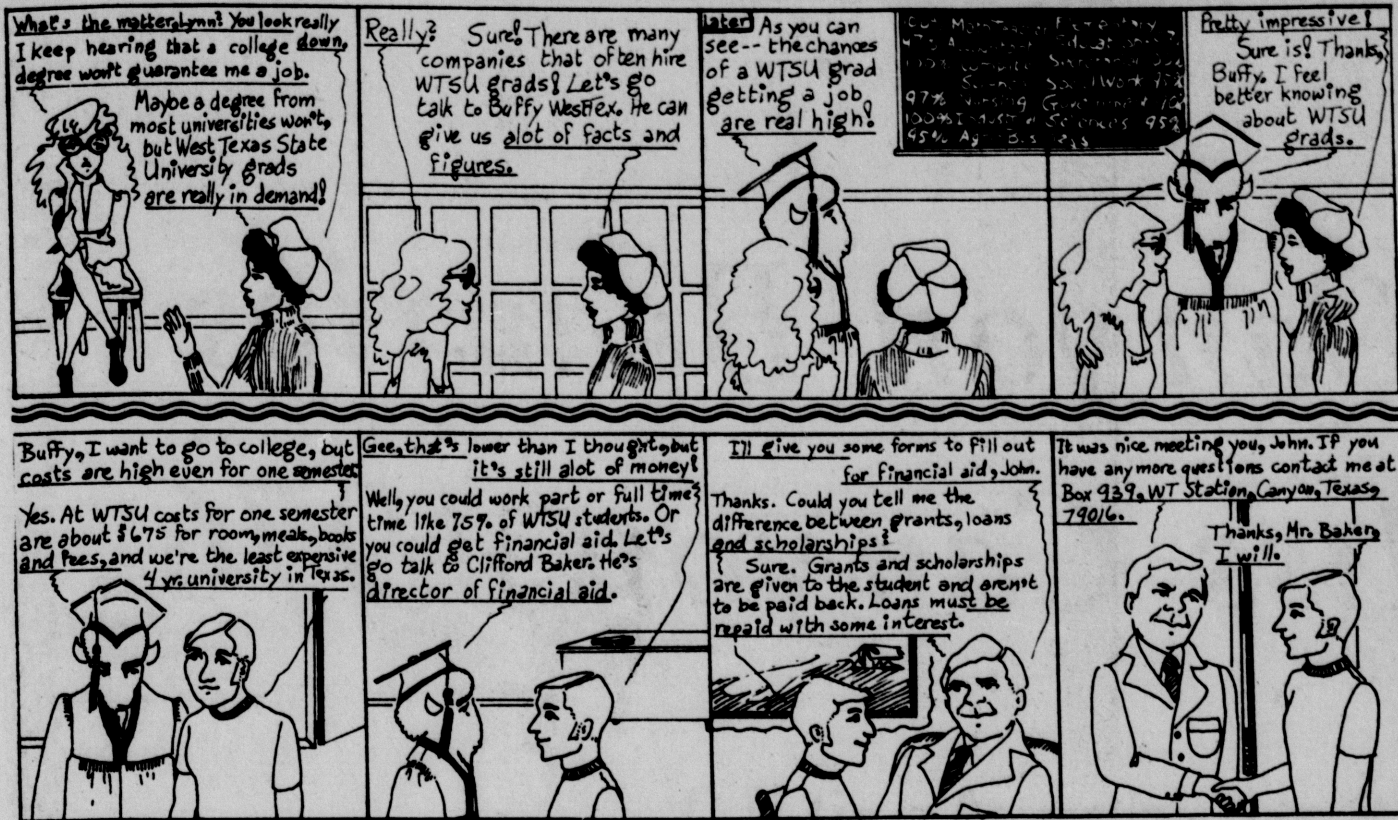

Responsible And

Knowledgeable Representative.

Sincerely

Jean Irwin

Pg. P-1 Ad. pd. for by Committee To Elect Jean Irwin, Betty Markham, 616 16th St., Houston.

West Texas State University is taking a new approach to recruiting high school students. The visual approach will include running these cartoons in a number of high school newspapers throughout the state in an effort to attract students to the university. The cartoons were designed by Artist Jean Conway of the university news service.

Happy News

Vacation time almost here

By MARY NEAL HENRY
THE BIG NEWS for Happy School students is that next week is our spring vacation. When school is out on Friday, we don't report again until Monday, April 19th, the day after Easter. Do have pleasant holidays!

If you aren't involved in school, that isn't world headline news, but consider yourself a student again and in the eighth month of the school term. WOW! From this parent's viewpoint, it is also good news!

SUSAN WILSON'S COLUMN brought back many memories. She really tells it "like it is." I remembered back to the Sunday morning when Sheri, our twenty two year old, was just a toddler. We were looking madly for her freshly polished white high top shoes. We found them... placed neatly in the kitchen cabinet beneath the sink. They were together, but we had also already missed Sunday School. Sheri hid things, but Ken, the oldest boy (now twenty) took everything apart to see what made it work. There was always a piece, or several, missing. The only way that I could get him to put something back together was to say we'd get the next thing that he was interested in when he got the last thing reconstructed. It always worked... with a few pieces missing. To this day, I pick up small objects and keep them a day or two thinking that I just may find where they belong. Thank you, Susan Wilson, for "The Kitchen Sink."

NEW SCHOOL BOARD members in Happy are Joe Bob Jones with 182 votes, incumbent Lonnie Todd with 150 votes, and Dickie Clark with 146 votes. Lloyd Rahlfs received 125 votes, Gene Shipman received 106 votes, Johnny Parker received 70 votes and Gay Fellers received 61 write-in votes. Two hundred ninety-four qualified votes were counted out of 318 who voted. Twenty-four votes were disqualified. Some of these had voted four times.

The new school board held its first meeting on Monday evening. New officers are President, Lonnie Todd; Vice President, George White, and Secretary, Dick Rahlfs.

MRS. VIRGIL L. Toles, 79, died Tuesday. Services were held at the First Baptist Church in Happy on Thursday afternoon and burial was in the Happy Cemetery. Brother Paul Heil officiated.

Mrs. Toles had been a resident of Happy since 1921. She married Holand E. Toles in 1916. She was a member of the Happy Chapter of the Order of the Eastern Star and the First Baptist Church of Happy.

Survivors include two sons: John Frank of Happy and Hol Ed of Tulsa; one sister, Mrs. May Crane of New Jersey; three brothers, E.A. Riner of Ada, Okla., John Riner and Woodrow Riner, both of Amarillo; seven grandchildren; and four great-grandchildren.

WILLIARD MIDDLETON is in Long Beach, Calif., where he had open heart surgery at St. Mary's Hospital on Friday afternoon.

Williard and Mildred were vacationing and visiting when Williard became ill. Williard's reports are good and plans are for him to be released on Friday to go to a home. Williard's cousin's address there is: Clifford H. Rogers, 1017 Orange Avenue, Long Beach, California 90813.

The telephone numbers of the cousin is 213-599-1441. Both Jan and Don Ed traveled to California to be with their parents.

R. H. (SQUAD) Hurst is in High Plains Baptist Hospital

where he has undergone open heart surgery. Betty Stockett was hospitalized in Tulsa late Saturday and is still there Wednesday morning.

Rosanel Payne spent last week in Palo Duro Hospital in Canyon. Laura Turey has a broken bone in her leg near her foot. Grandparents say that she is "really living it up."

JOYCE LANE ASKED that I try to express his appreciation for all the kind thoughts, prayers and deeds during his stay in the hospital. He especially appreciated cards and visits. And Jessie says, "Me, too!" It is a time when one especially appreciates friends and loved ones and wants them to know it.

JAMES AND LILA Vick now reside in the Dick Foster Country home... and enjoying it.

HAPPY CHAPTER #562, O.E.S. held their annual Friendship Night on Saturday evening. About a hundred guests were served dinner. Chapters included Tulsa, Plainview, Lockney, Canyon City, Hereford, Silverton, and Bonita and A.F. Shirley, both of Amarillo.

Happy acquired a new barber for the evening (we are without one you know). Frank Turey set up shop and began cutting hair... for one evening only, I understand. Hoyle Haley was the one "lucky" patron.

Then the barber shop quartet came in to practice on their latest songs. Frank finished the "haircut" and "mustache trim" and joined Eugene Sims, Fay Hand and John Butler for the harmony. Believe me, this is really a quartet you'll want to book.

Meanwhile, Hoyle went to sleep in the barber shop due to the beautiful "harmony." In walks a beautiful "brood" (Sam Williams) who gets all of them really interested and then holds them up. Hysteria breaks loose...

And the program ended with some "sure nuf" beautiful music.

Worthy Matron Catherine Miller and Worthy Patron Alden Mann both welcomed the guests of the evening and invited them to remain and visit as long as possible.

A line officers meeting was held at the conclusion of the program. Plans included a tea for Grand Officers of this section to be held in Hereford in the near future.

THE SUNNYHILL HOME Demonstration Club met last Thursday with Judy Combs. Present were Mary Wilhelm, Mary Jane Miller, Gwynn Tuck, Belinda Goode, Donna Dean, Bertie Culp, Shirley Williams, Joy Freeman, Lou Dougherty, Phyllis Bryan, Jackie Lewis, Barbara Danner, LaVenna Jackson, and Becky Hall.

New officers elected were President, Belinda Goode; Vice President, Mary Wilhelm; Secretary-Treasurer, Judy Combs; Council Representative, Phyllis Bryan; and Reporter, LaVenna Jackson.

Belinda Goode was elected Sunnyhill's Woman of the Year. Gwynn Tuck reported on the District Convention in Perryton recently. Earnestine Howard and Delores Wilhelm were also representatives of Randall County and attended the THDA Convention with Agent, Becky Hall.

Plans were made for the May Day Luncheon. Tickets for the occasion will be \$1.50 and will include a style show by Jean's. Becky Hall presented a program and slides on upholstery. The upholstery workshops began Wednesday at Bertie Culp's farm home.

THE WOMAN'S STUDY Club met on Tuesday in Fellowship Hall of the First Baptist Church in Happy with Mrs. Clayton Devin and Mrs. Mark Nichols as co-hosts. Roll call was answered with a craft report. Mrs. Clovis Vernon, Fine Arts Chairman, presented the program which included piano selec-

tions by women composers of the United States. Mary Harper also played some selections.

Mrs. Anne Bee Robinson read selected poems from "Journey to Jerusalem" by Nova Schubert Bair. Mrs. Cone Johnson read an Easter Scripture: "Jesus Appeared First to a Woman." Mark 16:1-8 and John 20:11-18.

HAPPY RAINBOW ASSEMBLY #202 attended church as a group on Sunday morning at the Presbyterian Church in Happy. Most of the group, family and friends also enjoyed lunch together.

GREG PHIFER, GRANDSON of Mr. and Mrs. A.C. Miller, is the 1976 Bat Boy for the Amarillo Gold Sox. Greg is a sixth grade student in Amarillo and one of almost 200 entries in the contest. Second place went to an eighth grader.

Greg won a \$75.00 savings account from the American National Bank and an all-expense paid, three day road trip with the team during the season. I understand that this is a salaried position.

In order to win this contest, Greg answered all types of questions concerning baseball and major league teams, etc. Greg was really one of the younger boys in competition. (There was also a girl.)

David Phifer, Greg's younger brother, had a dream realized at the Khiva Circus last week-end. David had always wanted to be a clown. One of the clowns took David (Mary thought to run an errand or something) dressed him up as a clown and actually had him participating in the performance. David finally got into the entertainment.

HAPPY SCHOOL won the UIL Contest in their district for the 20th straight year and scored a total of 396 points compared to the other schools all totaling 353 points.

The big news at our house was that Angelique Henry, Trisha Hargraves and Vickie Todd tied for first place with Lazbuddie by all three making a perfect score of 100. Nelda Askey was their

teacher and coach.

The Happy High School won the debate by default. No other school entered. Lissa Foster and Brenda Penn, Brenda Parker and Pam Tatum, and Janet Foster and Beverly Wilhelm will represent Happy at the Regional meet.

Shannon Wilhelm won first and Beverly Wilhelm won second in spelling. Becky McCarley won first, Laura Fellers won second and Jim Bob Sims won third in persuasive speaking.

Cathy Parker won first and Dan Pulsipher, second in informative speaking. In number sense, Frances Watson won first and Megayla Thornton won second.

Carolyn Moudy won third in slide rule. Lisa Payne won first in science.

In Journalism, Linda Rahlfs won first and Sonny Box won third.

Cathy Parker won first and Nancy Woods won second in feature writing. Shannon Wilhelm won first in news writing.

Becky McCarley won first in editorial. In prose, Denise Cope won first and Connie Hand won third.

In poetry, Pearl Perez won first and Linda Rahlfs won third. In oral reading, Debbie Parker won first, Lisa Johnson won second and Corin Freeman won fourth.

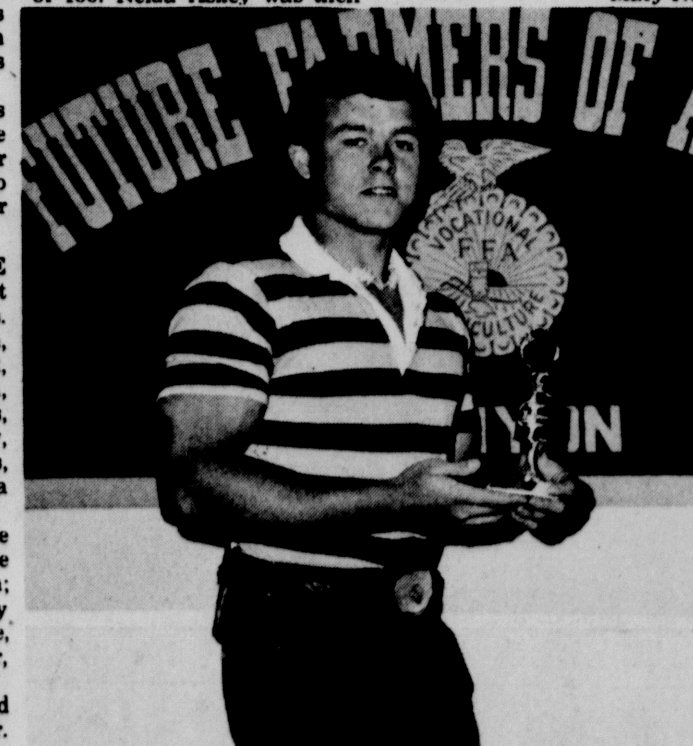

In typing competition, Vincent Venhaus won sixth and Jim Bob Sims won seventh.

Raphe Shipman won second in number sense in Junior High. But I'll give you Junior High and Elementary next week.

THE HISTORICAL MARKER will be dedicated at the Methodist Church this Sunday immediately after church. The Methodist are having covered dish dinner at the church. You are invited to attend.

HAVE A GOOD DAY! And keep praying—it is going to rain someday.

Mary Neal

FIRST PLACE — Winner in the welding competition at the Amarillo District Rural Electric Co-op contest held recently in Hereford was Elliot Berry.

CHS girl relay team sets record at meet

A strong Canyon High girls' team took second behind El Paso in the Amarillo Relays last weekend, setting several records along the way.

Merry Johnson set a meet record in the high jump with a 4-7 1/4 leap while her sister, Robena, set a 220 record in a preliminary heat, running in 25.1.

The mile relay team of Teri Tucker, Louise Davis, and Robena and Merry Johnson set a record at 4:05.4 and the 880 relay team broke the CHS school record with the best time in the area at 1:46. The 880 team includes Tucker, Davis, Teri

Rebuilding the defensive line and finding a passing game to compliment the Missouri Valley Conference's best rushing attack are the main aims of West Texas State University's 1976 spring football practice sessions, now underway.

Three-quarters of the defensive line, including All-MVC selections John Ayers and Floyd Jones, are gone, as well as safeties Michael Kelson and Mike Lozano, both of whom were also league all-star picks in 1975. Only five starters return from the best defensive unit in the Valley last year.

Head Coach Gene Mayfield has a much brighter picture on offense, however. The complete starting backfield is back, and while All-Valley tackle John Jacobi and tight end Jeff Lloyd have graduated, the line was deep enough a year ago to insure plenty of candidates for the open positions.

West Texas had the best rushing attack in the MVC last year with a per game average of over 265 yards per game, and all of the top five rushers return. Junior Anthony Dogan (5-10, 195) was the Valley's Newcomer of the Year after leading the Buffs with 689 yards rushing. Sophomores Bo Robinson (6-3, 215) and Robert Mayberry (5-10, 185) both gained over 500 yards in their rookie seasons at fullback and right half. Backing them up will be senior Eddie Richardson (6-0, 180), juniors Richard Riggins (5-10, 175) and Freddie Turner (5-10, 175), and sophomores Jesse Cross (5-11, 195) and David Johnson (5-11, 180).

Quarterback should again belong to senior Tully Blanchard (5-11, 205), but he'll have to fight off the challenges of lettermen Tracy Qualls (5-11, 180, Sr.) and Bill Delaney (6-3, 205, Jr.).

At split end, sophomore Scott Wiley (5-8, 155) played well as a freshman, but tight end will be a battle between junior college transfer Frank Dudley (6-5, 225) and letterman Angelo McClain (6-1, 210, so.) and Keith Oxley (6-3, 230, sr.).

The biggest adjustment to improve the passing game won't be new personnel, though. "I think a lot of teams, ourselves included, just kid themselves when they try to throw effectively out of the Wishbone," Mayfield says. "In spring ball, we'll try some alternate formations — possibly the I, I-slot, or the split backfield — to give us a better passing attack."

The offensive line should be up to any changes in offensive strategy. Tackle William Fifer (6-5, 260, Jr.) and guards Willie Burleson (6-2, 240, Jr.) and Richard Perez (6-3, 250, Jr.) were all starting at the end of the '75 season.

SPRING HOUSE CLEANING is in order for numerous local residents and it's that time again for the annual Lion's Club sale of brooms, mops and other household items.

We hear that the Evening Lions Club will begin their annual sale on April 26 and will be contacting local homemakers across the city just in time for sweeping out. Remember the proceeds from the project go toward the Lions support of the Lighthouse for the Blind.

NEWSFOLKS FROM THE Canyon News were involved in the Panhandle Press Convention last weekend at the Hilton Inn and came away from the awards breakfast Saturday morning carrying awards for columns written by editor, Carroll Wilson, and his wife, Susan.

Another former Canyon resident, Thom Marshall and his wife, Jane, were there from Pampa to receive awards in news picture and news writing divisions.

When Marshall was in Canyon, he was a university student and occupied his time as a barber with the Buffalo Barber Shop. Prior to his moving to Pampa, Marshall was editing a coin dealer's publication in the Colorado Springs area.

THAT NEW FILM "This Is Canyon Country" which was produced by the Rhew/Batson Productions for the Canyon Chamber of Commerce and the Board of City Development was shown again this week for local residents.

It's a most interesting and appealing film and leaves the viewer with a special pride in the benefits of a tremendous "hometown."

We understand that the film will be a day-long treat for participants in the upcoming "Windows to the Past" festival and will be shown at the old Olympic Theatre, downtown, along with a biennial film

News brief
 Randall County Sheriff's Posse held a club playday Sunday, April 4, at the club arena south of Canyon with some 30 club members participating. The club will host a rodeo on June 11 and 12.

Buff rebuild line for fall

development from seniors Tony Edwards (6-1, 235) and Darrel Blades (5-11, 200) and sophomore Mike Roberts (6-3, 205), although some of those big freshmen could also help here soon.

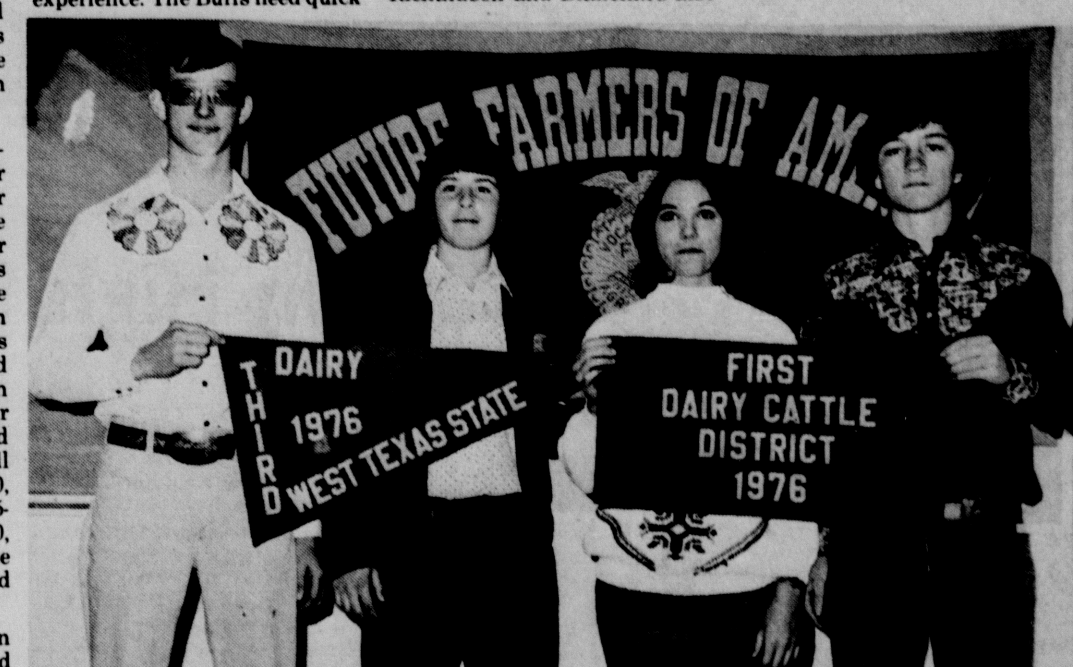

In the backfield, senior Tommy Mills (5-10, 175) should be the Valley's best cornerback, and he'll have an experienced runningmate in sophomore Vic Hayes (5-10, 160) on the other side. Replacing Kelson and Lozano will be tough, but Buff coaches hope senior Bryan Carr (5-9, 165) and juniors Mike Rychlik (6-0, 185) and David Willis (6-4, 195) can handle the job. The kicking game is halfway there with the return of senior John Paul Lee (5-11, 195) after an Achilles tendon injury midway through last year. Richardson and Blanchard also

punted at times for the Buffs last year.

But who will kick the placements is the real question. Bruce Wyre, who handled the job for three years, ended his career as WT's all-time kick-scoring leader, and sophomore Ricky Wright (5-10, 160) was his only understudy last year.

The Buffalo schedule should be one of the roughest in years. Three of the four MVC games will be on the road, and other road dates will be at Houston, Texas-Arlington, and Southern Illinois.

At home, the Buffaloes open with MVC foe Wichita State. Also, West Texas will meet North Texas State, McNeese State, Lamar, and Northeast Louisiana in Kimbrough Memorial Stadium.

WINNERS — Canyon High dairy judging team took recent honors, placing first in the Amarillo District contest and third in competition at WTSU. Team members are (from left) Dal Foster, Kent Anderson, Trina Hunter and Bryan Friemel.

Jr. high girls teams place in track meet

Seventh grade girls placed second and eighth grade girls placed third in an area-wide track meet last week at Borger.

CHS seventh graders trailed meet winners Perryton by only three points in a final score of Perryton 126 and Canyon 123. Third place Canadian had 63 points and Dumas took fourth with 48.

Deanna Henwood won four events, placing first in the 60-yard dash with a 7.6 time; the 100-yard dash with an 11.9; the 220 with a 27.8 time and the long jump with a 14-11 jump.

Henwood placed third in the triple jump. The 440 relay team placed first in 56.1. Team members are Brenda Carney, Cindy Yarborough, Debra Drost and Theresa Stone. The 880 relay team of Carney, Laura Lee Laird, Drost and Stone was second in 1:59.6.

Also placing were Carla Schmidt, fourth in the 60 dash; Drost, fifth in the 60; Yarborough, sixth in the 100; Laird, fifth in the 220 run; Judy Cooper, third in the 880; Cindy Stapleton, sixth in the discus; Yarborough, second in the long jump; Drost, sixth in the long jump.

Stone won the high jump with a 4-ft. mark. Eighth grader Traca Cooper won the high jump with a 4-9 jump and Shelia Kiker took the 440 in 66.5.

Also placing were Stacy Liles and Kiker, second and third respectively in the triple jump; Cooper, third in the long jump; Liles, fifth in the long jump; Rene Roberts, second in discus; and Jantine Bergtort, fifth in discus; Sandra Mester, second in 880 run; Kiker, sixth in the 80-yard hurdles.

The 440 relay team of Liles, Leigh Ann Clement, Cooper and Cindy Maddox placed sixth and the 880 relay team of Liles, Melanie Brooks, Cooper and Maddox took third.

Belly dancers have openings

offered in the Activities Center, Room 202E, and openings are still available in the beginning class which meets from 7:30 to 8:30 p.m. on Tuesday or the intermediate classes meeting from 9:10 p.m. also on Tuesdays.

Late registrations for the courses are welcomed and may be made at the next class Tuesday evening, April 13.

Phone Line 655-7121

throughout the day, May 15.

AN IMPORTANT HEALTH RIDDLE

WE'RE DOING OUR bit for the bicentennial this year say the Carl Miller family.

Would you believe it, there's a "covered wagon" in the carport. That wagon (although made strictly of cardboard, tempera paint, and an old sheet) looks most authentic.

The wagon will be used soon for a bicentennial skit by the Girl Scouts of Mrs. Roland Johnston and Mrs. Mario Coleman to complete the new bicentennial scouting badge. The troop will entertain younger scouts at the playtime project.

NURSING STUDENTS FROM West Texas State University have another public service project for local residents to participate in now. The students are conducting diabetic screening tests today at the Canyon Community Center.

It's a free test and could detect a real susceptibility to diabetes for some unsuspecting individual. Anyone interested in the service may participate from 1:30 until 5 p.m. today or at the next free diabetic screening on April 15.

PRAISE HIM FOR HIS LIVING PRESENCE

"They said to each other, 'Did not our hearts burn within us while he talked to us on the road, while he opened to us scriptures?' " Luke 24:32

He lives in you.
 He lives in me.
 He lives in the reawakening of the earth, the crocuses poking their heads through the snow, the smell of spring plowing;
 He lives in the rekindling of Christian concern —
 He lives in joy.
 He lives in the midst of grief and despair.
 He lives!
 Praise Him for His living presence.

Worship with us this Sunday.
